GET HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Hairpencil.

Frederick Mammell, Maryland block, Baltimore, bought a bottle of Newbro's Hairpencil, April 6, '99, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 29 days he had hair all over his head. On July 2nd writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Hairpencil works on an old principle and with a new discovery—discovery the cause and you remove the effect. Hairpencil destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c in stamps for sample to the Newbro Co., Detroit, Mich.

Poison in Foods.

After an inspection tour covering eleven Virginia cities scattered over a wide area, including Alexandria, Dr. C. M. Bradbury, one of the State chemists, has recently returned to Richmond with 544 samples, the examination of which, now in progress, may result in the prosecution, through the instrumentality of the Department of Agriculture, of a number of merchants and manufacturers for alleged violation of pure food laws enacted five years ago and not heretofore strictly enforced.

The trip of Dr. Bradbury, who is an assistant chemist under Dr. Magruder, consumed about two weeks, during which period he visited, in order named, South Boston, Danville, Lynchburg, Buchanan, Clifton Forge, Staunton, Harrisonburg, Winchester, Alexandria, Culpeper and Gordonsville. In all of these places he collected samples, purchasing them in stores and making in each case a record of the product, the merchant and the manufacturer.

Of seven samples of catcups examined six contained acid preservatives, one cochineal dye, and two coal tar dyes, all injurious to the health. The acid and dyes are used to improve the appearance and keeping qualities of inferior goods. Of six jellies examined three contained benzoic acid and three dye stuff.

All the samples of canned peaches and apples contained zinc and tin and one contained borax. The adulteration of this lot was not so serious. Four cans of asparagus contained zinc and tin and one contained sulphites, a preservative.

The manufacture or sale of an article adulterated or misbranded within the meaning of the law is punished with a fine not exceeding \$200 for the first offense and for each subsequent offense not exceeding \$300 or confinement in jail not exceeding one year or both.

Found His Sweetheart.

A curious chain of circumstances has led to the finding by John A. Dahler, of his sweetheart, after she had been lost to him for seven years. Dahler, who is 27 years old, was, in 1899, foreman in the factory of August Von Reed, a rich percussion cap manufacturer in Germany. Von Reed's beautiful young daughter fell in love with the young man, who had been allowed to make his home in her father's mansion. When Von Reed discovered his daughter's heart secret he discharged young Dahler and sent the girl to a convent. Dahler came to the United States and went into the oyster business in the South. Later he went to Elizabeth City, N. C., where he became a planter and amassed a fortune of half a million. The girl in the meantime fled from the convent and sought her sweetheart in America, but could obtain no clue to his whereabouts. On Sunday Dahler, who had gone to Jersey City to visit friends, went skating on a pond on Sea View avenue. A graceful girl who was skating in advance of him suddenly disappeared. She had fallen into an air-hole in the ice. Calling upon some other skaters to hold his feet, Dahler went head foremost into the air-hole, and presently brought the girl to the surface. It was his sweetheart. "My darling Alice, is it you?" exclaimed Dahler. "Have I found you at last, John?" sobbed the girl. Yesterday the reunited couple left for Elizabeth City to be wedded. They cabled to Von Reed that the daughter was now happy again.

A Marriage Tangle.

An extraordinary marriage tangle came before the Sheffield, England, magistrates Friday when Vernon Peace, a man about 40 years of age, was charged with bigamy.

Peace was alleged to have married his aunt, Mrs. Jean Ellis, a widow, 12 years ago. Subsequently he discovered that this marriage was illegal, and a remarkable sequel ensued. It was stated that Peace was told by a friend that "if he contracted a marriage with some other person, and did not live with her, and further, did not live with the woman he called his wife for a space of five years, he would be able to marry again." Peace accepted this extraordinary version of the law, and married his wife's daughter, Elmina Ellis. Although the three continued to live in the same house Peace and the daughter never lived together as man and wife. In December last he again married a woman named Ada Salmon, who, while knowing of the first marriage with the aunt, knew nothing of that with the daughter. It is on the assumption that the lawful wife of Peace is Elmina Ellis, his aunt's daughter, that the present proceedings have been initiated.

Elmina Ellis was called as a witness, and declared that she did not know whether she was Peace's wife or not. "I went through the ceremony with him," she added, "because he said that in so many years I should be free and could marry again."

Peace was committed for trial.

A Mystery Solved.

"How to keep off periodic attacks of biliousness and habitual constipation was a mystery to me," writes John N. Pleasant, of Magnolia, Ind. The only pills that are guaranteed to give perfect satisfaction to everybody or money refunded. Only 25c at E. S. Leadbeater & Sons' drug store.

The Best Physic.

When you want a physic that is mild and gentle, easy to take and certain to act, always use Chamberlain's Stomach and Liver Tablets. For sale by Gibson & Timberman and W. F. Creighton & Co.

No false pretence has marked the career of Ely's Cream Balm. No idle promises of rewards for cases it will not cure. Being entirely harmless, it is not responsible like the catarrh pills and powders, for milder cases of Ely's Cream Balm is that it specifically cures nasal catarrh and hay fever. Back of this statement is the testimony of thousands and a reputation of many years' success. All druggists, 50c, or mailed by Ely Bros., 50 Warren street, New York.

Preparing for Emergencies.

Active preparations for a real conflict in China are being carried on by the War Department, with a view to being fully prepared for any outbreak which may occur as a result of the anti-foreign agitation throughout the empire. Officials of the government, from President Roosevelt down, are much perturbed, and while some are so optimistic as to say that there is a good chance that there will be no trouble, all are actively interested in the work of preparation which has been set on foot and advocate the measures which have already and will be taken. Just now President Roosevelt and his advisers are contemplating the sending of another regiment of infantry to the Philippines. The Chinese outlook caused this administration to strengthen the force in the Philippines by the addition of the First and Second regiments of infantry and the Eighth and Thirteenth batteries of field artillery. These troops are now en route to the Philippines. When the order was issued directing them to go to the Philippines the government had China in mind, and at that time President Roosevelt advised that another regiment be sent. This action, however, was not taken at that time. In the meantime, trouble has been experienced with Congress in getting funds for the transportation and maintenance of additional troops in the Philippines. If the War Department can figure out some way of providing for another regiment of infantry in the islands, one will be sent. France is also preparing to send troops to China.
